

# MiPCT PROJECT

## The Michigan Primary Care Transformation Project: Supporting Patient-Centered Medical Homes

Michigan Primary Care Transformation (MiPCT) is a multi-payer project aimed at improving health in the state, making care more affordable, and strengthening the patient-care team relationship. MDC provides data support to the MiPCT project by coordinating multipayer membership, designing dashboards and reports, and providing ad hoc analytics.

Michigan Data Collaborative

The Michigan Data Collaborative (MDC) is a data collection, enrichment, and provisioning group at the University of Michigan. We support care delivery transformation initiatives across the state to improve population health.
