## Dashboard Release 11.0 Posted

The SIM PCMH Dashboard Release 11.0 is now available!

### Data Updates

Release 11.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between October 1, 2018 through September 30, 2019.
- Paid claims data through November 2019 (allowing for a two-month run-out period).
- Patients and provider attribution from the September 2019 PCMH Patient List and Provider Hierarchy File.
- Retroactive providers and their associated beneficiaries that apply to the reporting period were removed.

### Data Destruction Notes

MDC will be reaching out to your organization this month with details on data destruction. Some key dates to be aware of:

- MDC will remove all reports containing personally-identifiable from the dashboard download page by the end of January 2020. Reports included: PCMH Patient Lists, Payment Adjustment, and PCMH Care Coordination and Claims Detail.
- Your organization will be asked to attest to the removal of all SIM PCMH related PHI by the end of March 2020.

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Release 10.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JANUARY 9, 2020

## July 2019 - September 2019 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the July - September 2019 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard. This is the last SIM PCMH report file that will be delivered by MDC to participants. There will be a final dashboard release in January.

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2019\_07\_to\_2019\_09.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2019\_07\_to\_2019\_09.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2019\_07\_to\_2019\_09.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2019\_07\_to\_2019\_09.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2019\_07\_to\_2019\_09.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2019\_07\_to\_2019\_09.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Destruction Notes

MDC will be reaching out to your organization this month with details on data destruction. Some key dates to be aware of:

- MDC will remove all reports containing personally-identifiable from the dashboard download page by the end of January 2020. Reports included: PCMH Patient Lists, Payment Adjustment, and PCMH Care Coordination and Claims Detail.
- MDC will remove access to patient-level data from the dashboard by the end of January 2020.
- Your organization will be asked to attest to the removal of all SIM PCMH related PHI by the end of March 2020.

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include this data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JANUARY 7, 2020

## 4th Quarter 2019 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 4th Quarter 2019 Aggregated Patient Reports on the SIM PCMH Dashboard.

The reports have the following naming format:

**MO Reports:** <MO Name>\_Patient\_Report\_4Q19.xls

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_Report\_4Q19.xls

**NOTE:** The SIM PCMH team is identifying patients who are in skilled nursing facilities, incarcerated, or deceased, and they will be removed for payment purposes.

### Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for October, November, and December 2019. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, Program, and Age Group. All members attributed at any point during the quarter are included.

### Additional information

Additional information can be found in the following documents:

- [Reference document](#) - General information about what is included in the reports.
- [Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Data Destruction Notes

MDC will be reaching out to your organization this month with details on data destruction. Some key dates to be aware of:

- MDC will remove all reports containing PHI from the dashboard download page by the end of January 2020. Reports included: PCMH Patient Lists, Payment Adjustment, and PCMH Care Coordination and Claims Detail.
- Your organization will be asked to attest to the removal of all SIM PCMH related PHI by the end of March 2020.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

DECEMBER 24, 2019

## December 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- December 2019 PCMH Patient Lists (PPLs)
- December 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_12.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_12.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_12.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_12.xls

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

DECEMBER 12, 2019

## June 2019 - August 2019 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the June - August 2019 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2019\_06\_to\_2019\_08.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2019\_06\_to\_2019\_08.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2019\_06\_to\_2019\_08.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2019\_06\_to\_2019\_08.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2019\_06\_to\_2019\_08.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2019\_06\_to\_2019\_08.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include this data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

DECEMBER 6, 2019

## 4Q18, 1Q19, and 2Q19 Care Coordination Reports Reprocessed and Reposted

MDC reprocessed and reposted the PCMH Care Coordination reports for 4Q18, 1Q19, and 2Q19 with the following changes:

- Included additional claims that MDC received after the previously-released 4Q18, 1Q19, and 2Q19 reports were generated. Most participating organizations have made improvements that should lead to a better representation of the care management your organization provided.
- MDC included claims paid through October 2019.

### Care Coordination Reports

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_PercentYYYY\_MM\_to\_YYYY\_MM.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_PercentYYYY\_MM\_to\_YYYY\_MM.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IPYYYY\_MM\_to\_YYYY\_MM.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IPYYYY\_MM\_to\_YYYY\_MM.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_YYYY\_MM\_to\_YYYY\_MM.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_YYYY\_MM\_to\_YYYY\_MM.xls

For more information about the reports, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include this data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

NOVEMBER 26, 2019

## November 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- November 2019 PCMH Patient Lists (PPLs)
- November 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_11.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_11.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_11.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_11.xls

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard guide](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

NOVEMBER 7, 2019

## October 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- October 2019 PCMH Patient Lists (PPLs)
- October 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_10.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_10.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_10.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_10.xls

### Important Access Notes

NOVEMBER 1, 2019

## Dashboard Release 10.0 Posted

The SIM PCMH Dashboard Release 10.0 is now available! Please note that this is the FINAL Dashboard release for the SIM PCMH project. This release contains the final performance results for the Performance Incentive Program (PIP). Base Incentive and Bonus Incentive (if applicable) awards will be communicated to SIM PCMH Initiative primary and financial contacts of record and will be payable with the final 4Q19 Initiative payment cycle.

### Data Updates

Release 10.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between July 1, 2018 through June 30, 2019.
- Paid claims data through August 2019 (allowing for a two-month run-out period).
  - The August 2019 paid claims file was received on September 16, 2019.
- Patients and provider attribution from the June 2019 PCMH Patient List and Provider Hierarchy File.
- The following data was removed:
  - Retroactive providers and associated beneficiaries
  - Beneficiaries that died in 2018
  - October, November, and December 2018 beneficiaries that were incarcerated, deceased, or in SNF

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Release 10.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

OCTOBER 30, 2019

## May 2019 - July 2019 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the April - June 2019 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2019\_05\_to\_2019\_07.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2019\_05\_to\_2019\_07.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2019\_05\_to\_2019\_07.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2019\_05\_to\_2019\_07.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2019\_05\_to\_2019\_07.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2019\_05\_to\_2019\_07.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### End of Year Reprocessing

MDC will reprocess the 4Q18, 1Q19, and 2Q19 reports in early December to include any claims received after the original reports were generated.

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include this data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.

OCTOBER 2, 2019

## 3rd Quarter 2019 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 3rd Quarter 2019 Aggregated Patient Reports on the SIM PCMH Dashboard.

The reports have the following naming format:

**MO Reports:** <MO Name>\_Patient\_Report\_3Q19.xls

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_Report\_3Q19.xls

**NOTE:** The SIM PCMH team is identifying patients who are in skilled nursing facilities, incarcerated, or deceased, and they will be removed for payment purposes.

### Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for July, August, and September 2019. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, Program, and Age Group. All members attributed at any point during the quarter are included.

### Additional information

Additional information can be found in the following documents:

- [Reference document](#) - General information about what is included in the reports.
- [Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

SEPTEMBER 24, 2019

## September 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- September 2019 PCMH Patient Lists (PPLs)
- September 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_09.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_09.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_09.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_09.xls

SEPTEMBER 19, 2019

## 2018 Adjustment Patient Lists Posted

Today, Michigan Data Collaborative (MDC) posted the following report on the SIM PCMH Dashboard:

- 2018 PCMH Patients who have been identified as deceased, incarcerated or living in a Skilled Nursing Facility (SNF)

### List Details

Recently your organization received payments that were reduced to account for this population. These reports are provided to you to support reconciliation to your payments. The source of this information is the MDHHS actuarial department.

The lists include Medicaid patients who are attributed to a practice participating in the SIM PCMH project who were identified as being either deceased, incarcerated, or living in a Skilled Nursing Facility during 2018. Elements include:

- The month that it applies (Eligible\_Month)
- Medicaid Health Plan (MHP\_Plan\_Name)
- Member-level information (Member ID)
- Program (HMP, ABAD, TANF) in SIM\_Program\_Group
- PCP information (NPI, Last and First Name)
- SIM\_Participant is always "Y"
- Several fields contain associated payment information for previous payments that are being recouped in the last payment you received:
  - Care Coordination
  - Practice Transformation (2018\_PT)
  - 2018\_HICA\_Tax – note that this is not applicable to providers
  - Total\_2018\_Provider\_Adjustment
  - Offset Reason
    - Deceased (Dec)
    - SNF (Skilled Nursing Facility)
    - Inc (Incarcerated)
- Several fields regarding the organization
  - Tax\_ID\_Number
  - Participating Organization (Payment\_Name)
  - Address 1 and 2, City, State, and Zip
  - Quarter: the original quarterly payment in which they were included

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Payment\_Adjustments\_2018.xls

**Practice Reports:** <Independent Practice Name>\_Payment\_Adjustments\_2018.xls

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.

AUGUST 29, 2019

## March 2019 - May 2019 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the March - May 2019 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

### Updates

MDC rectified an issue with the denominator exclusions in the “Percentage of Patients with Timely Follow-up After Inpatient Discharge,” resulting in a higher number of records included in both the numerator and the denominator. Previously, exclusions removed too many inpatient room and board records, and exclusions utilizing diagnosis codes (Mental and Behavioral Disorders, Maternity, Delivery and Infants) were using any diagnosis instead of primary diagnosis. The resulting change identifies a much larger number of acute inpatient discharges and resulting PCP Follow-Ups following those discharges.

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2019\_03\_to\_2019\_05.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2019\_03\_to\_2019\_05.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2019\_03\_to\_2019\_05.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2019\_03\_to\_2019\_05.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2019\_03\_to\_2019\_05.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2019\_03\_to\_2019\_05.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include this data.

AUGUST 1, 2019

## Dashboard Release 9.0 Posted

Release 9.0 for the SIM PCMH Dashboard is now available!

### Data Updates

Release 9.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between April 1, 2018 through March 31, 2019.
- Paid claims data through May 2019 (allowing for a two-month run-out period).
- Patients and provider attribution from the March 2019 PCMH Patient List and Provider Hierarchy File.

### Additional Clinical Data Included

MDC worked with MiHIN to resolve an issue with the January through March 2019 data for some organizations. MiHIN recently released an updated 2018 code list that has been applied to historical data to include additional clinical records.

### Utilization Measures

MDC identified an issue that affected the *Acute Hospital Admissions* and *All-Cause Readmission* measures in Release 8.0 (January 2018 through December 2018 reporting period). A subset of more recent data was inadvertently excluded from processing causing these results to be artificially low. The *All-Cause Readmission* measure was re-processed using data paid through May 2019.

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support](#) page of the MDC Website:

- [Release Notes](#) – Information about Release 9.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JULY 31, 2019

## July 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- July 2019 PCMH Patient Lists (PPLs)
- July 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_07.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_07.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_07.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_07.xls

## Feb 2019 - Apr 2019 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the Feb - Apr 2019 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2019\_02\_to\_2019\_04.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2019\_02\_to\_2019\_04.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2019\_02\_to\_2019\_04.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2019\_02\_to\_2019\_04.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2019\_02\_to\_2019\_04.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2019\_02\_to\_2019\_04.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include this data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JUNE 27, 2019

## Jan 2019 - Mar 2019 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the Jan - March 2019 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

**Note:** These reports represent the first quarter of the calendar year 2019, and the results will be used for the 2019 CMIR (Care Management Improvement Reserve).

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2019\_01\_to\_2019\_03.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2019\_01\_to\_2019\_03.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2019\_01\_to\_2019\_03.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2019\_01\_to\_2019\_03.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2019\_01\_to\_2019\_03.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2019\_01\_to\_2019\_03.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include the 1Q19 data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JUNE 27 , 2019

## 2nd Quarter 2019 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 2nd Quarter 2019 Aggregated Patient Reports on the SIM PCMH Dashboard.

The reports have the following naming format:

**MO Reports:** <MO Name>\_Patient\_Report\_2Q19.xls

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_Report\_2Q19.xls

### Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for April, May, and June 2019. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, Program, and Age Group. All members attributed at any point during the quarter are included.

### Additional information

Additional information can be found in the following documents:

- [Reference document](#) - General information about what is included in the reports.
- [Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JUNE 25, 2019

## June 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- June 2019 PCMH Patient Lists (PPLs)
- June 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_06.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_06.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_06.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_06.xls

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard guide](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

## Dec 2018 - Feb 2019 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the Dec 2018 - Feb 2019 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2018\_12\_to\_2019\_02.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2018\_12\_to\_2019\_02.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2018\_12\_to\_2019\_02.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2018\_12\_to\_2019\_02.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2018\_12\_to\_2019\_02.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2018\_12\_to\_2018\_02.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include this data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

MAY 29, 2019

## May 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- May 2019 PCMH Patient Lists (PPLs)
- May 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_05.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_05.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_05.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_05.xls

MAY 24, 2019

## Dashboard Enhancement 8.01 Posted

Enhancement 8.01 for the SIM PCMH Dashboard is now available!

### Diabetes Measure Updates

Programming methodologies were aligned to correct a small difference in the denominators of the five diabetes measures. The difference did not affect overall percentages or prevent any organizations from meeting the benchmark, but caused the exclusion of about 30 out of the approximately 14,000 members. MDC corrected the issue and re-ran the following measures for all reporting periods:

- Diabetes Blood Pressure Control
- Diabetes: Eye Exam
- Diabetes HbA1c Poor Control
- Diabetes HbA1c Testing
- Diabetes: Nephropathy

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Enhancement 8.01, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

APRIL 30, 2019

## Dashboard Release 8.0 Posted

MDC is excited to announce that Release 8.0 of the SIM PCMH Dashboard is now available!

### Data Updates

Release 8.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between January 1, 2018 through December 31, 2018.
- Paid claims data through February 2019 (allowing for a two-month run-out period).
- Patients and provider attribution from the December 2018 PCMH Patient List and Provider Hierarchy File.

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Release 8.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

## Nov 2018 - Jan 2019 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the Nov 2018 - Jan 2019 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2018\_11\_to\_2019\_01.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2018\_11\_to\_2019\_01.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2018\_11\_to\_2019\_01.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2018\_11\_to\_2019\_01.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2018\_11\_to\_2019\_01.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2018\_11\_to\_2018\_01.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include this data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

## April 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- April 2019 PCMH Patient Lists (PPLs)
- April 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_04.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_04.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_04.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_04.xls

### Important Access Notes

APRIL 3 , 2019

## 1st Quarter 2019 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 1st Quarter 2019 Aggregated Patient Reports on the SIM PCMH Dashboard.

**Note:** The SIM PCMH team is identifying patients who are in skilled nursing facilities, incarcerated, or deceased, and they will be removed for payment purposes.

The reports have the following naming format:

**MO Reports:** <MO Name>\_Patient\_Report\_1Q19.xls

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_Report\_1Q19.xls

### Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for January, February, and March 2019. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, Program, and Age Group. All members attributed at any point during the quarter are included.

### Additional information

Additional information can be found in the following documents:

- [Reference document](#) - General information about what is included in the reports.
- [Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

## Oct 2018 - Dec 2018 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the Oct - Dec 2018 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

**Note:** These reports represent the fourth quarter of the calendar year 2018 and are the first set of results used for the 2019 CMIR (Care Management Improvement Reserve).

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2018\_10\_to\_2018\_12.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2018\_10\_to\_2018\_12.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2018\_10\_to\_2018\_12.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2018\_10\_to\_2018\_12.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2018\_10\_to\_2018\_12.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2018\_10\_to\_2018\_12.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard has also been updated to include the 4Q18 data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).

## March 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- March 2019 PCMH Patient Lists (PPLs)
- March 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_03.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_03.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_03.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_03.xls

## Sept 2018 - Nov 2018 Care Coordination and Claims Detail Reports Posted

Today, Michigan Data Collaborative (MDC) posted the Sept - Nov 2018 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2018\_09\_to\_2018\_11.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2018\_09\_to\_2018\_11.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2018\_09\_to\_2018\_11.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2018\_09\_to\_2018\_11.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2018\_09\_to\_2018\_11.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2018\_09\_to\_2018\_11.xls

**Note:** The practice level detail reports will be ready at a later date. MDC will send out another email when they are available

For more information about the reports, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The Care Coordination pages of the Dashboard have also been updated to include the this data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

## Dashboard Release 7.0 Posted!

MDC is excited to announce that 7.0 of the SIM PCMH Dashboard is now available!

### Data Updates

Release 7.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between October 1, 2017 through September 30, 2018.
- Paid claims data through November 2018 (allowing for a two-month run-out period).
- Patients and provider attribution from the September 2018 PCMH Patient List and Provider Hierarchy File.
- All measures were re-run to account for multiple HEDIS versions, updated measure definitions, and to include measure results for all measures in each release.

### New Pages Added

MDC Added the following new pages:

- **Trends** – Displays a trend line graph for each quality, utilization, and ACSC measure to show performance over time.
- **Care Coordination Trends** – Displays care coordination trend data to show performance over time and identify areas of focus to improve performance.
- **Incentives** – Displays graphs and data to support participating organizations in attaining additional incentive dollars in 2019. It provides practice and provider measure rates and benchmark data for certain quality and utilization measures.

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Release 7.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

FEBRUARY 26, 2019

## February 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- February 2019 PCMH Patient Lists (PPLs)
- February 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_02.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_02.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_02.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_02.xls

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

## Aug 2018 - Oct 2018 Care Coordination and Claims Detail Reports Posted

Today, Michigan Data Collaborative (MDC) posted the Aug - Oct 2018 Care Coordination and Claims Detail Reports on the SIM PCMH Dashboard.

Starting this month, each Care Coordination report includes the most recent three months of available data. These rolling quarter reports will replace the previous single month and quarterly reports and will better capture a bigger picture of care coordination services for your population.

### Report Details

Included are three reports:

1. **Percentage of Patients with a Care Management Claim** – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2018\_08\_to\_2018\_10.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2018\_08\_to\_2018\_10.xls
2. **PCP Follow-Up after Inpatient Discharge** – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2018\_08\_to\_2018\_10.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2018\_08\_to\_2018\_10.xls
3. **Care Coordination Claims Detail** – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_CC\_Detail\_2018\_08\_to\_2018\_10.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_CC\_Detail\_2018\_08\_to\_2018\_10.xls

For more information, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The Care Coordination page of the Dashboard has also been updated to include the 3Q18 data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JANUARY 29, 2019

## January 2019 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- January 2019 PCMH Patient Lists (PPLs)
- January 2019 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2019\_01.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2019\_01.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2019\_01.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2019\_01.xls

### Important Access Notes

JANUARY 15 , 2019

## 4th Quarter 2018 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 4th Quarter 2018 Aggregated Patient Reports on the SIM PCMH Dashboard.

The reports have the following naming format:

**MO Reports:** <MO Name>\_Patient\_Report\_4Q18.xls

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_Report\_4Q18.xls

### Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for October, November, and December 2018. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, Program, and Age Group. All members attributed at any point during the quarter are included.

### Additional information

Additional information can be found in the following documents:

- [Reference document](#) - General information about what is included in the reports.
- [Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).

DECEMBER 19, 2018

## August 2018 PCMH Care Coordination and Claims Detail Reports Posted

Today, Michigan Data Collaborative (MDC) posted the Care Coordination reports on the SIM PCMH Dashboard.

Included are three reports:

1. Percentage of Patients with a Care Management Claim – Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_Percent2018\_08.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2018\_08.xls
2. PCP Follow-Up after Inpatient Discharge – Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IP2018\_08.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2018\_08.xls
3. Care Coordination Claims Detail – Provides member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim reports.  
**MO Reports:** <MO Name>\_Care\_Management\_Detail\_2018\_08.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_2018\_08.xls

For more information, see the [Care Coordination Reports Reference document](#), and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The **Care Coordination** page of the Dashboard also includes the updated August 2018 data.

### Changes for January 2019

Starting in January 2019, MDC will post the Care Coordination and Claims Detail reports each month with a rolling quarter timeframe. These reports will replace the previous single month and quarterly reports. Each month's report will include the most recent three months of available data to better capture a bigger picture of care coordination services for your population. In January 2019, the rolling quarter reports will include the 3rd Quarter 2018 data (July, August, and September 2018).

### Important Access Notes

DECEMBER 18, 2018

## 4Q17, 1Q18, and 2Q18 Care Coordination Reports Reprocessed and Reposted

MDC reprocessed and reposted the PCMH Care Coordination reports for 4Q17, 1Q18, and 2Q18 with the following changes:

- Included additional claims that MDC received after the previously-released 4Q17, 1Q18, and 2Q18 reports were generated. MDHHS, Medicaid Health Plans, and participating organizations have all made improvements that should lead to a better representation of the care management your organization has provided.
- Updated the PCP Follow-Up after Inpatient Discharge reports to align with the recent changes made to the Acute Hospital Admissions measure and to add exclusions to represent appropriate discharges for PCP Follow Up.

### Care Coordination Reports

Included are three reports:

1. *Percentage of Patients Receiving Care Management Service* - Provides the number of patients who received a care management service.  
**MO Reports:** <MO Name>\_CC\_PercentXQYY.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_PercentXQYY.xls
2. *PCP Follow-Up after Inpatient Discharge* - Provides data about appropriate follow-up care for patients with inpatient stays.  
**MO Reports:** <MO Name>\_CC\_IPXQYY.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IPXQYY.xls
3. *Care Coordination Claims Detail* - Provides member-level demographic and claims detail information for patients who are included in the numerator of the *Percentage of Patients with a Care Management Claim* reports  
**MO Reports:** <MO Name>\_Care\_Management\_Detail\_XQYY.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_Care\_Management\_Detail\_XQYY.xls

For more information about the reports, see the [Care Coordination Reports Reference document](#) and the [Dashboard Measures Technical Guide](#).

### Data Updates on the Dashboard

The Care Coordination page of the Dashboard also includes the updated 2Q18 data.

### Changes for January 2019

Starting in January 2019, MDC will post the *Care Coordination* reports each month with a rolling quarter timeframe. These reports will replace the previous single month and quarter reports. Each month's report will include the most recent three months of available data to better capture a bigger picture of care coordination services for your population. In January 2019, the rolling quarter reports include the 3rd Quarter 2018 data (July, August, and September 2018).

NOVEMBER 30, 2018

## November 2018 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- November 2018 PCMH Patient Lists (PPLs)
- November 2018 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2018\_11.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2018\_11.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2018\_11.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2018\_11.xls

### Important Access Notes

NOVEMBER 12, 2018

## Dashboard Enhancement 6.01 Posted!

MDC is excited to announce that Enhancement 6.01 of the SIM PCMH Dashboard is now available!

### ACSC Measures Added

MDC added the ACSC page, which includes the following adult and pediatric composite Ambulatory Care Sensitive Condition Hospitalization measures:

- Adult Acute Composite
- Adult Chronic Composite
- Adult Diabetes Composite
- Adult Overall Composite
- Pediatric Acute Composite
- Pediatric Chronic Composite
- Pediatric Overall Composite

Each composite measure is comprised of a subset of ACSC measures, which are listed under each measure. The composite ACSC measures and rates are also listed on the Executive Summary page.

For additional details, including a full list of measures included in the composite measures, see the ACSC Chapter of the [Technical Guide](#).

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Enhancement 6.01, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

NOVEMBER 6, 2018

## Reprocessed 1st and 2nd Quarter 2018 Aggregated Patients Reports Posted

Today, Michigan Data Collaborative (MDC) posted reprocessed 1st and 2nd Quarter 2018 Aggregated Patient Reports on the SIM PCMH Dashboard. The reports have the following naming format:

### **1Q18**

MO Reports: <MO Name>\_Patient\_Report\_1Q18\_Revised.xls

Practice Reports: <MO Name>\_<Practice Name>\_Patient\_Report\_1Q18\_Revised.xls

### **2Q18**

MO Reports: <MO Name>\_Patient\_Report\_2Q18\_Revised.xls

Practice Reports: <MO Name>\_<Practice Name>\_Patient\_Report\_2Q18\_Revised.xls

## Report Details

These reports were reprocessed due to a misalignment found in the Age Group definitions used in the original reports. The Age Group definitions were corrected to use the following definitions:

- Pediatric Age Group: Ages 0-18
- Adult Age Group: Ages 19+

Please note that quarterly payments were calculated correctly using the age definitions outlined in the [2018 PCMH Initiative Participation Guide](#). We apologize for any confusion this misalignment has caused with your reconciliation processes.

## Additional information

Additional information can be found in the following documents:

- [Reference document](#) - General information about what is included in the reports.
- [Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

## Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

NOVEMBER 2, 2018

## July 2018 PCMH Care Coordination and Claims Detail Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- July 2018 PCMH Care Coordination Reports
- July 2018 PCMH Care Coordination Claims Detail Reports

### Care Coordination Reports

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, they provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service  
**MO Reports:** <MO Name>\_CC\_Percent2018\_07.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2018\_07.xls
2. PCP Follow-Up after Inpatient Discharge  
**MO Reports:** <MO Name>\_CC\_IP2018\_07.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2018\_07.xls

For more information about the reports, see the [Care Coordination Reports Reference document](#).

### Care Coordination Claims Detail Reports

The Claims Detail reports provide member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim quarterly report. The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Care\_Management\_Detail\_2018\_07.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_2018\_07.xls

For more information about the reports, see the [Claims Detail Reports Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

OCTOBER 31, 2018

## Dashboard Release 6.0 Posted!

MDC is excited to announce that Release 6.0 of the SIM PCMH Dashboard is now available!

### Data Updates

Release 6.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between July 1, 2017 through June 30, 2018.
- Paid claims data through August 2018 (allowing for a two-month run-out period).
- Patients and provider attribution from the June 2018 PCMH Patient List and Provider Hierarchy File.
- Incorporated QMI data from all organizations into applicable measures.

### Outcome Measures Added

The following new outcome measures were added:

- Adult BMI
- Diabetes Blood Pressure Control
- Diabetes HbA1c Poor Control
- Controlling High Blood Pressure
- Screening for Depression and Follow Up
- Tobacco Use Screening and Cessation
- Weight Assessment and Counseling

**IMPORTANT:** The Screening for Depression and Follow Up and Tobacco Use Screening and Cessation measures have small numerators. These are newer measures and organizations may not be collecting information in their EMR systems, or the extraction program may not be identifying all of the information that is needed to identify patients for the numerator. These measure results are likely to improve over time as more Quality Measure Information (QMI) data becomes available. Please contact MiHIN at [help@mihin.org](mailto:help@mihin.org) if you suspect there are issues with the collection/extraction of this data from your EMR system.

### Total Cost PMPM Added

MDC added Total Cost Per Member Per Month (PMPM) measure results to the Executive Summary page. You can view Total Cost PMPM data at the Project, Managing Organization, Practice or Provider level, based on your Report level selection on the Dashboard.

### ACSC Measures Coming in Enhancement 6.01

MDC will post Dashboard Enhancement 6.01 in the coming weeks, which will include Ambulatory Care Sensitive Condition (ACSC) measures. We will send out a notice when it is available.

## Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Release 6.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

## Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

OCTOBER 29, 2018

## October 2018 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- October 2018 PCMH Patient Lists (PPLs)
- October 2018 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2018\_10.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2018\_10.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2018\_10.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2018\_10.xls

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

OCTOBER 15 , 2018

## 3rd Quarter 2018 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 3rd Quarter 2018 Aggregated Patient Reports on the SIM PCMH Dashboard.

The reports have the following naming format:

**MO Reports:** <MO Name>\_Patient\_Report\_3Q18.xls

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_Report\_3Q18.xls

### Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for April, May, and June 2018. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, Program, and Age Group. All members attributed at any point during the quarter are included.

### Age Group Definition Update

A misalignment was found in the Age Group definitions used in the previous Aggregated Patient Reports. The correct age range for the Pediatric age group is ages 0-18, and the Adult age group starts at age 19 (as outlined in pages 6-7 of the [2018 PCMH Initiative Participation Guide](#)). However, the 1Q18 and 2Q18 reports used a Pediatric age group of 0-17 and an Adult Age group starting at age 18. **Please note that quarterly payments were calculated correctly using the age definitions outlined in the Participation Guide.**

MDC updated our definitions for the 3Q18 reports. Additionally, we will reprocess the 1Q18 and 2Q18 reports with the updated definitions and re-post them in November. We apologize for any confusion this misalignment has caused with your reconciliation processes. We will send an email notification when these reports are ready for download.

### Additional information

Additional information can be found in the following documents:

- [Reference document](#) - General information about what is included in the reports.
- [Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

OCTOBER 9, 2018

## 2nd Quarter 2018 Care Coordination and Claims Detail Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 2nd Quarter 2018 PCMH Care Coordination and Claims Detail Reports.

### Care Coordination Reports

The PCMH Care Coordination Reports provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

Included are two reports:

- 1) Percentage of Patients Receiving Care Management Service

**MO Reports:** <MO Name>\_CC\_Percent2Q18.xls

**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2Q18.xls

- 2) PCP Follow-Up after Inpatient Discharge

**MO Reports:** <MO Name>\_CC\_IP2Q18.xls

**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2Q18.xls

For more information, see the [Care Coordination Reports Reference document](#).

### Claims Detail Reports

The Claims Detail reports provide member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim quarterly report.

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Care\_Management\_Detail\_2Q18.xls

**Practice Reports:** <MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_2Q18.xls

For more information, see the [Claims Detail Reports Reference document](#).

### Data Updates on the Dashboard

The Care Coordination page of the Dashboard has also been updated to include the 2Q18 data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

OCTOBER 2, 2018

## June 2018 PCMH Care Coordination and Claims Detail Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- June 2018 PCMH Care Coordination Reports
- June 2018 PCMH Care Coordination Claims Detail Reports

### Care Coordination Reports

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, they provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service  
**MO Reports:** <MO Name>\_CC\_Percent2018\_06.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2018\_06.xls
2. PCP Follow-Up after Inpatient Discharge  
**MO Reports:** <MO Name>\_CC\_IP2018\_06.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2018\_06.xls

For more information about the reports, see the [Care Coordination Reports Reference document](#).

### Care Coordination Claims Detail Reports

The Claims Detail reports provide member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim quarterly report. The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Care\_Management\_Detail\_2018\_06.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_2018\_06.xls

For more information about the reports, see the [Claims Detail Reports Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).

SEPTEMBER 26, 2018

## September 2018 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- September 2018 PCMH Patient Lists (PPLs)
- September 2018 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

The lists have the following naming convention:

**MO Reports:** <MO Name>\_Patient\_List\_2018\_09.zip

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_List\_2018\_09.xls

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Provider\_Report\_2018\_09.xls

**Practice Reports:** <MO Name>\_<Independent Practice Name>\_Provider\_Report\_2018\_09.xls

AUGUST 27, 2018

## May 2018 PCMH Care Coordination and Claims Detail Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- May 2018 PCMH Care Coordination Reports
- May 2018 PCMH Care Coordination Claims Detail Reports

### Care Coordination Reports

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, they provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service  
**MO Reports:** <MO Name>\_CC\_Percent2018\_05.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent2018\_05.xls
2. PCP Follow-Up after Inpatient Discharge  
**MO Reports:** <MO Name>\_CC\_IP2018\_05.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP2018\_05.xls

For more information about the reports, see the [Care Coordination Reports Reference document](#).

### Care Coordination Claims Detail Reports

The Claims Detail reports provide member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim quarterly report. The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

The reports have the following naming convention:

**MO Reports:** <MO Name>\_Care\_Management\_Detail\_2018\_05.xls  
**Practice Reports:** <MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_2018\_05.xls

For more information about the reports, see the [Claims Detail Reports Reference document](#).

JULY 31, 2018

## Dashboard Release 5.0 Posted!

MDC is excited to announce that Release 5.0 of the SIM PCMH Dashboard is now available!

### Data Updates

Release 5.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between April 1, 2017 through March 31, 2018.
- Paid claims data through May 2018 (allowing for a two-month run-out period).
- Patients and provider attribution from the March 2018 PCMH Patient List and Provider Hierarchy File.

### Dashboard Updates

- MDC added the following utilization measure: Preventable ED Visits.
- Additional QMI data was added to existing measures that are claims-based but supplemented with QMI.

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Release 5.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JULY 27, 2018

## July 2018 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- July 2018 PCMH Patient Lists (PPLs)
- July 2018 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

### Questions

If you have any questions regarding the PCMH Patient Lists, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu)

JULY 20, 2018

## 1st Quarter 2018 Care Coordination Claims Detail Reports Posted

Today, MDC posted the 1st Quarter 2018 Care Coordination Claims Detail Reports on the SIM PCMH Dashboard. The reports have the following naming format:

<MO Name>\_Care\_Management\_Detail\_1Q18.xls

<MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_1Q18.xls

### Report Details

These reports provide member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim quarterly report. The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

For more information about the reports, see the [PCMH Care Coordination Reports Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).

JULY 16, 2018

## 1st Quarter 2018 PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the **1st Quarter 2018 PCMH Care Coordination Reports**. These reports reflect the membership, provider attribution, and incurred claims for January, February, and March 2018 with two months of paid claims runout. The reports are available on the SIM PCMH Dashboard.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service:  
**MO Reports:** <MO Name>\_CC\_Percent1Q18.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_Percent1Q18.xls
2. PCP Follow-Up after Inpatient Discharge:  
**MO Reports:** <MO Name>\_CC\_IP1Q18.xls  
**Practice Reports:** <MO Name>\_<Practice Name>\_CC\_IP1Q18.xls

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, they provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Data Updates on the Dashboard

The data on the Care Coordination page of the Dashboard has also been updated to include the results for 1Q18.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the Care Coordination Reports, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

JULY 11, 2018

## March 2018 Care Coordination Claims Detail Reports Posted

Today, MDC posted the February 2018 Care Coordination Claims Detail Reports on the SIM PCMH Dashboard. The reports have the following naming format:

<MO Name>\_Care\_Management\_Detail\_2018\_03.xls

<MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_2018\_03.xls

### Report Details

These reports provide member-level demographic and claims detail information for patients who are included in the numerator of the *Percentage of Patients with a Care Management Claim* monthly report. The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

For more information about the reports, see the [PCMH Care Coordination Reports Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JULY 6, 2018

## 2nd Quarter 2018 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 2nd Quarter 2018 Aggregated Patient Reports on the SIM PCMH Dashboard.

### Updated Naming Format

The naming format has been updated to the following:

**MO Reports:** <MO Name>\_Patient\_Report\_2Q18.xls

**Practice Reports:** <MO Name>\_<Practice Name>\_Patient\_Report\_2Q18.xls

**Note:** Previous reports will not be updated to the new naming format.

### Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for April, May, and June 2018. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, Program, and Age Group. All members attributed at any point during the quarter are included.

### Additional information

Additional information about the reports can be found in the following documents on the MDC Website:

- [Reference document](#) - General information about what is included in the reports.
- [Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the reports or accessing the Dashboard, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

JULY 3, 2018

## March 2018 Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the March 2018 PCMH Care Coordination Reports on the SIM PCMH Dashboard.

The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

Included are two reports:

1. Percentage of Patients with a Care Management Claim
2. PCP Follow-Up after Inpatient Discharge

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, the reports provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Reference document](#).

JUNE 28, 2018

## June 2018 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- June 2018 PCMH Patient Lists (PPLs)
- June 2018 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

- For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).
- For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

### Updates

- The *# of Inpatient visits in newest release timeframe* field name was changed to *# of Acute Admissions in newest release timeframe* to match the measure name in the Dashboard.
- For PCP visits, added the *Ambulatory Visits* and *Other Ambulatory Visits* value sets to the value sets used to identify members with a comprehensive well-care visit.
- The following fields now contain utilization data from the revised measure results posted in Dashboard Enhancement 4.01:
  - # of Acute Admissions in newest release timeframe
  - # of ED Visits in newest release timeframe
  - # of Readmissions in newest release timeframe

For more information about the changes to these measures, see the [Dashboard Release Notes](#) and the [Technical Guide](#).

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

### Questions

If you have any questions regarding the PCMH Patient Lists, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu)

JUNE 15, 2018

## Dashboard Enhancement 4.01 Posted!

MDC is excited to announce that Enhancement 4.01 of the SIM PCMH Dashboard is now available!

### Updated Utilization Measures

MDC updated the following utilization measures to align with HEDIS and provide a more accurate measure for PCPs by limiting utilization to acute stays (opposed to surgery or planned admissions).

- All-Cause Readmission
- Emergency Department Visits
- Acute Hospital Stays

For additional information about the measures, see the [Dashboard Release Notes](#) and the [Technical Guide](#).

### New Care Coordination Page

MDC added a Care Coordination page, enabling you to compare Care Management rates between practices and MOs for the monthly and quarterly timeframes. For additional information about the Care Coordination page and the measures, see the [User Guide](#) and the [Care Coordination Reports Reference document](#).

**Note:** The Care Coordination page is not visible to independent practice users.

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Enhancement 4.01, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

JUNE 11, 2018

## February 2018 Care Coordination Claims Detail Reports Posted

Today, MDC posted the February 2018 Care Coordination Claims Detail Reports on the SIM PCMH Dashboard. The reports have the following naming format:

<MO Name>\_Care\_Management\_Detail\_2018\_02.xls

<MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_2018\_02.xls

### Report Details

These reports provide member-level demographic and claims detail information for patients who are included in the numerator of the *Percentage of Patients with a Care Management Claim* monthly report. The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

For more information about the reports, see the [PCMH Care Coordination Reports Reference document](#).

### New Field!

This month's report includes a new field, *Payer Specific Member ID*, which is located at the end of the report. This field was added as a result of user feedback and contains the Beneficiary ID for the SIM PCMH population.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).

MAY 30, 2018

## May 2018 PPLs (with New Fields) and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- May 2018 PCMH Patient Lists (PPLs)
- May 2018 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).

For information about the data timeframes used in certain fields, see the [PCMH Patient Lists Report Notes document](#).

### Additional Fields Added!

As a result of the feedback from the reporting survey MDC provided at the end of 2017, we included the following additional fields at the end of the layout:

- SSN - Last 4 digits
- Patient Address Line 1
- Patient Address Line 2
- Patient City
- Patient Zip

Additionally, the following existing fields will be populated with data:

- # of visits to any PCP (This field will include the number of visits over the newest 12 months of available data that MDC has received.)
- Most Recent PCP visit date

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

APRIL 30, 2018

## SIM PCMH Dashboard Release 4.0 Posted!

MDC is excited to announce that release 4.0 of the SIM PCMH Dashboard is now available!

### Data Updates

Release 4.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between January 1, 2017 through December 31, 2017.
- Paid claims data through February 2018 (allowing for a two-month run-out period).
- Patients and provider attribution from the December 2017 PCMH Patient List and Provider Hierarchy File.
- Added patient-level data for quality and utilization measures.
- Added quality measure information (QMI) data to existing measures.

NOTE: We have not received data from some organizations due to the following:

- Some organizations are still working through sending data to MiHIN.
- Some organizations have submitted QMI data to MiHIN, but it has not yet been provided to MDC due to some processing issues for large files.
- Some organizations sent their data after the March 15, 2018 data file was sent to MDC.

A list of organizations who have QMI data included in this release are posted in the [Release Notes](#). We anticipate that the majority of organizations will have their QMI data incorporated into the Dashboard measures by Release 5.0.

### Dashboard Updates

- Added Diabetes as a chronic condition on the Overview page.
- For Quality and Utilization measures you can view the Claims, Clinical, and Combined numerators and denominators in the data (table) view and in the tooltips for the bar graph.
- Bar graphs now have a horizontal orientation (instead of vertical).

### Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Release 4.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

APRIL 27, 2018

## 4th Quarter 2017 Care Coordination Claims Detail Reports Posted

Today, MDC posted the 4th Quarter 2017 Care Coordination Claims Detail Reports on the SIM PCMH Dashboard. The reports have the following naming format:

<MO Name>\_Care\_Management\_Detail\_4Q17.xls

<MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_4Q17.xls

### Report Details

These reports provide member-level demographic and claims detail information for patients who are included in the numerator of the Percentage of Patients with a Care Management Claim quarterly report. The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

For more information about the reports, see the [PCMH Care Coordination Claims Detail Reports Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).

APRIL 25, 2018

## April 2018 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- April 2018 PCMH Patient Lists (PPLs)
- April 2018 Provider Reports

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project. For information about the PPL sort order and field descriptions, see the [PCMH Patient List Reference document](#).

### Provider Report Details

These reports, *which are available for Managing Organizations and Independent Practices only*, are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Reference document](#).

### Additional Fields to be Added in the May PPLs

As a result of the feedback from the reporting survey MDC provided at the end of 2017, we are including additional elements in the Patient Lists starting with the May 2018 PPLs.

We are adding the following fields to the end of the layout:

- SSN - Last 4 digits
- Patient Address Line 1
- Patient Address Line 2
- Patient City
- Patient Zip

Additionally, the following existing fields will be populated with data:

- # of visits to any PCP (This field will include the number of visits over the newest 12 months of available data.)
- Most Recent PCP visit date

### Questions

If you have any questions regarding the PCMH Patient Lists, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

## 1st Quarter 2018 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 1st Quarter 2018 Aggregated Patient Reports on the SIM PCMH Dashboard.

The reports have the following naming format:

**MO Reports:** <MO Name>\_Aggregate\_Patient\_Report\_XQYY.xls

**Practice Reports:** <Practice Name>\_Aggregate\_Patient\_Report\_XQYY.xls

### PCMH Aggregated Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for January, February, and March 2018. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, Program, and Age Group. All members attributed at any point during the quarter are included.

### New Fields

MDC added a new *Age Group* field to this month's reports. The field helps to differentiate the number of pediatric and adult patients attributed to each provider.

### Additional information

Additional information about the reports can be found in the following documents on the MDC Website:

- [PCMH Aggregated Patient Report Quick Reference document](#) - General information about what is included in the reports.
- [PCMH Aggregated Patient Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the reports or accessing the Dashboard, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

## December 2017 Care Coordination Claims Detail Reports Posted

Today, MDC posted the December 2017 Care Coordination Claims Detail Reports on the SIM PCMH Dashboard. The reports have the following naming format:

<MO Name>\_Care\_Management\_Detail\_YYYY\_MM.xls

<MO Name>\_<Individual Practice Name>\_Care\_Management\_Detail\_YYYY\_MM.xls

### Report Details

These reports provide member-level demographic and claims detail information for patients who are included in the numerator of the *Percentage of Patients with a Care Management Claim* monthly report. The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

For more information about the reports, see the [PCMH Care Coordination Reports Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

## 4th Quarter 2017 PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the **4th Quarter 2017 PCMH Care Coordination Reports**. These reports reflect the membership, provider attribution, and incurred claims for October, November, and December 2017 with two months of paid claims runout. The reports are available on the SIM PCMH Dashboard.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service:  
<MO/Practice Name>\_Care Coordination\_Percent4Q17.xls
2. PCP Follow-Up after Inpatient Discharge:  
<MO/Practice Name>\_Care\_Coordination\_IP4Q17.xls

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, they provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the Care Coordination Reports, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

APRIL 10, 2018

## March 2018 PPLs and Provider Reports Posted

Today, Michigan Data Collaborative (MDC) posted the following reports on the SIM PCMH Dashboard:

- March 2018 PCMH Patient lists (PPLs)
- March 2018 Provider Reports

Data was received later than expected, which impacted the timing for the March PPL production.

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project. For information about the PPL sort order and field descriptions, see the [PCMH Patient List Information Guide](#).

### Provider Report Details

These reports are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Quick Reference document](#).

### Additional Fields to be Added in the May PPLs

As a result of the feedback from the reporting survey MDC provided at the end of 2017, we are including additional elements in the Patient Lists starting with the May 2018 PPLs.

We are adding the following fields to the end of the layout:

- SSN - Last 4 digits
- Patient Address Line 1
- Patient Address Line 2
- Patient City
- Patient Zip

Additionally, the following existing fields will be populated with data:

- # of visits to any PCP (This field will include the number of visits over the newest 12 months of available data.)
- Most Recent PCP visit date

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also

APRIL 3, 2018

## February 2018 Provider Reports for MOs and Independent Practices are Posted!

Today, MDC posted new reports! The February 2018 Provider Reports, which are available for Managing Organizations and Independent Practices only, can be found on the Reports page of the SIM PCMH Dashboard.

The reports have the following naming format:

<MO Name>\_Provider\_Report\_YYYY\_MM.xls

<MO Name>\_<Independent Practice Name>\_Provider\_Report\_YYYY\_MM.xls

### Provider Report Details

These reports are generated monthly in Excel format and include a list of providers for a Managing Organization. If a Practice is participating as an independent practice, they can access a report that is specific to their Practice.

When each report is released, it reflects the most current data MDC has received from MiHIN in the Provider Hierarchy file. For more information about the reports, see the [SIM PCMH Provider Reports Quick Reference document](#).

**Note:** Going forward, these reports will be announced in the same email as the PCMH Patient Lists.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide. You can also find video demonstrations showing the access process on the [SIM PCMH Support page](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

FEBRUARY 14, 2018

## October 2017 PCMH Care Coordination Reports Updated and Reposted

Today, MDC posted updated October 2017 PCMH Care Coordination Reports on the SIM PCMH Dashboard. The original reports, posted on 1/30, inadvertently excluded the second month of run-out. MDC corrected the issue and posted new reports, which replace the original ones. We apologize for any confusion or inconvenience.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service
2. PCP Follow-Up after Inpatient Discharge

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, the reports provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

- Information and detailed setup instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the Care Coordination Reports, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

JANUARY 22, 2018

## SIM PCMH Dashboard Release 3.0 Posted!

Michigan Data Collaborative (MDC) is excited to announce that release 3.0 of the SIM PCMH Dashboard is now available!

### Data

Release 3.0 includes the following Medicaid data:

- An updated 12-month measurement period of October 1, 2016 through September 30, 2017
- Paid claims data through November 2017 (allowing for a two-month run-out period)
- Patients and provider attribution from the September 2017 PCMH Patient List and Provider Hierarchy File

### Measure Updates

Dashboard Release 2.0 contains the following new measures:

- Where appropriate, the Dashboard measures were updated to conform to HEDIS 2018 specifications.

While there were calculation and coding changes with the transition to HEDIS 2018, there were only minor differences in the overall results. For detailed information and about each measure and chronic condition, see the [SIM PCMH Dashboard and Reports Technical Guide](#).

**Note:** The following measures require additional analysis and planning and will be modified to conform to HEDIS 2018 in a future enhancement or release:

- Hospital Admissions
- All Cause Readmissions
- Low Back Pain Imaging was removed from the Dashboards for Release 3.0 and in trended data. This measure was removed to align with the measures reported to CMS.

### Dashboard Updates

The Reports page was updated to improve page loading performance.

### Adolescent Immunization: HPV Benchmark

MDC found an issue with the benchmark for the *Adolescent Immunization: HPV* measure. The results for this measure are displayed on the Dashboard, and the benchmark will be released the week of 1/22/2018. This update will not require downtime for the Dashboard.

JANUARY 10, 2018

## 3rd Quarter 2017 PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the **3rd Quarter 2017 PCMH Care Coordination Reports**. These reports reflect the membership, provider attribution, and incurred claims for July, August, and September 2017 with two months of paid claims runout. The reports are available on the SIM PCMH Dashboard.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service:  
<MO/Practice Name>\_Care\_Coordination\_Percent3Q17.xls
2. PCP Follow-Up after Inpatient Discharge:  
<MO/Practice Name>\_Care\_Coordination\_IP3Q17.xls

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, they provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

## 4th Quarter 2017 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the **4th Quarter 2017 Aggregated Patient Reports** on the SIM PCMH Dashboard.

### PCMH Aggregated Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for October, November, and December 2017. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, and Program.

**Note:** Starting with 4Q17, these reports include one report for the entire quarter (versus separate monthly reports). All members attributed at any point during the quarter are included.

Additional information about the reports can be found in the following documents on the MDC Website:

- [PCMH Aggregated Patient Report Quick Reference document](#) - General information about what is included in the reports.
- [PCMH Aggregated Patient Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the reports or accessing the Dashboard, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

DECEMBER 28, 2017

## September 2017 SIM PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the September 2017 PCMH Care Coordination Reports on the SIM PCMH Dashboard.

The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service
2. PCP Follow-Up after Inpatient Discharge

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, the reports provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

DECEMBER 21, 2017

## December 2017 SIM PCMH Patient Lists Posted

Today, Michigan Data Collaborative (MDC) posted the December 2017 SIM PCMH Patient lists (PPLs) on the SIM PCMH Dashboard. Included are PPLs for each Practice and an aggregated list for each Managing Organization.

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

For information about the PPL sort order and field descriptions, see the [PCMH Patient List Information Guide](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the PCMH Patient Lists, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

DECEMBER 4, 2017

## August 2017 SIM PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the August 2017 PCMH Care Coordination Reports on the SIM PCMH Dashboard.

The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service
2. PCP Follow-Up after Inpatient Discharge

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, the reports provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

NOVEMBER 28, 2017

## November 2017 SIM PCMH Patient Lists Posted

Today, Michigan Data Collaborative (MDC) posted the November 2017 SIM PCMH Patient lists (PPLs) on the SIM PCMH Dashboard. Included are PPLs for each Practice and an aggregated list for each Managing Organization.

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

For information about the PPL sort order and field descriptions, see the [PCMH Patient List Information Guide](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.

NOVEMBER 10, 2017

## 1st Quarter 2017 PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the **1st Quarter 2017 PCMH Care Coordination Reports**. These reports reflect the membership, provider attribution, and incurred claims for January, February, and March 2017. The reports are available on the SIM PCMH Dashboard.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service:  
<MO/Practice Name>\_Care Coordination\_Percent1Q17.xls
2. PCP Follow-Up after Inpatient Discharge:  
<MO/Practice Name>\_Care\_Coordination\_IP1Q17.xls

**Note:** The *Quarterly PCP Follow-Up After Inpatient Discharge* reports now include all Practices, including those with no qualifying members. With this change, these reports match how all Practices are listed in the existing monthly Follow-Up reports.

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, they provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option.

OCTOBER 30, 2017

## SIM PCMH Dashboard Release 2.0 Posted!

Michigan Data Collaborative (MDC) is excited to announce that release 2.0 of the SIM PCMH Dashboard is now available!

### Data

Release 2.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between June 1, 2016 through May 31, 2017
- Paid claims data through July 2017 (allowing for a two-month run-out period)
- Patients and provider attribution from the May 2017 PCMH Patient List and Provider Hierarchy File
- All measures are based on Medicaid eligibility, medical, and drug claims. In a future release, EMR/Clinical data will also be added.

### New Measures

Dashboard Release 2.0 contains the following new measures:

- Adolescent Well-Care Visits
- Childhood Immunization Status
- Chlamydia Screening in Women
- Immunization Status for Adolescents
- Lead Screening in Children
- Well-Child Visits in the First 15 Months of Life
- Well-Child Visits in the Third, Fourth, Fifth and Sixth Years of Life

### Dashboard Updates

Dashboard Release 2.0 contains the following updates:

- There are two new pages in Release 2.0:
  - **Comparisons Page:** Use this page to compare quality measure and utilization rates against the rates for other POs, practices, and providers (based on your access permissions).
  - **Tile Page:** Use this page to view a snapshot of all quality and utilization measure rates for the report level you select.
- With Release 2.0, you can now view data at the provider level. The “My Providers” option is available from the Select Report Level dropdown on each page.
- HEDIS benchmarks have been removed from the Dashboard for Release 2.0. MDC is currently exploring options to display them for the expanding set of measures and will include them in a future release

## Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Release 2.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

## Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

## Questions

If you have any questions regarding the Care Coordination Reports, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

OCTOBER 19, 2017

## 2nd Quarter 2017 PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the initial release of the quarterly care coordination reports. The **2nd Quarter 2017 PCMH Care Coordination Reports** reflect the membership, provider attribution, and incurred claims for April, May, and June 2017. The reports are available on the SIM PCMH Dashboard.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service:  
<MO/Practice Name>\_Care Coordination\_Percent2Q17.xls
2. PCP Follow-Up after Inpatient Discharge:  
<MO/Practice Name>\_Care\_Coordination\_IP2Q17.xls

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, they provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

OCTOBER 19, 2017

## January, February, and March 2017 SIM PCMH Patient Lists Posted

Today, Michigan Data Collaborative (MDC) posted the January, February, and March 2017 SIM PCMH Patient Lists (PPLs) on the SIM PCMH Dashboard. We are posting these reports due to refinements that were made to the attribution process.

Included are patient lists for each Practice and an aggregated list for each Managing Organization.

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

For additional information, including the PPL sort order and field descriptions, see the [PCMH Patient List Information guide](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

OCTOBER 12, 2017

## 1st Quarter 2017 Aggregated Difference Reports Posted

Today, MDC posted the **1st Quarter 2017 Aggregated Difference Reports** on the SIM PCMH Dashboard.

These one-time reports provide the difference between the original 1Q17 beneficiary counts and the revised counts that were provided after refinements were made to the attribution process. The purpose of this report is to help your organization reconcile the upcoming third quarter payments, which will include adjustments based on the first quarter differences.

### PCMH Difference Report Details

These reports are similar to the Aggregated Patient Reports you have been receiving quarterly, but include the following additional fields:

- **Q1 Original Total:** Contains the total beneficiaries from the original Q1 patient list
- **Q1 Revised Total:** Contains the total beneficiaries from the revised Q1 patient list
- **Diff:** Contains the difference between the original and revised (Q1 Revised – Q1 Original)

For additional information about the Aggregated Patient Reports, see the [PCMH Aggregated Patient Report Quick Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the reports or accessing the Dashboard, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

OCTOBER 10, 2017

## 3rd Quarter 2017 Aggregated Reports Posted

Today, Michigan Data Collaborative (MDC) posted the **3rd Quarter 2017 Aggregated Patient Reports** on the SIM PCMH Dashboard.

### PCMH Aggregated Report Details

The reports provide counts of patients attributed to a provider for each PO or Practice for July, August, and September 2017. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, and Program.

**Note:** To accommodate the organization OIDs changing from month to month (which should occur less frequently going forward), the monthly reports are now included in separate .xls files (opposed to the 1Q17 reports, where all months were contained on separate tabs of one .xls file).

Additional information about the reports can be found in the following documents on the MDC Website:

- [PCMH Aggregated Patient Report Quick Reference document](#) - General information about what is included in the reports.
- [PCMH Aggregated Patient Report Notes document](#) - Specific information for this quarter's reports, including any excluded data.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the reports or accessing the Dashboard, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

OCTOBER 6, 2017

## September 2017 SIM PPLs Updated and Reposted

Today, MDC posted updated September 2017 SIM PCMH Patient lists (PPLs) on the SIM PCMH Dashboard.

In the original September PPLs posted on 9/27, the addition of chronic condition and utilization fields inadvertently introduced a limitation on the patient population. MDC fixed the issue and posted new lists with correct populations. The original September files were removed. We apologize for any confusion or inconvenience caused by this issue.

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

Starting this month, the PPLs include chronic condition and utilization information for patients.

For information about the PPL sort order and field descriptions, see the [PCMH Patient List Information Guide](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the PCMH Patient Lists, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

OCTOBER 2, 2017

## June 2017 SIM PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the June 2017 PCMH Care Coordination Reports on the SIM PCMH Dashboard.

The reports reflect the membership, provider attribution, and incurred claims for the point in time provided in the report.

Included are two reports:

1. Percentage of Patients Receiving Care Management Service
2. PCP Follow-Up after Inpatient Discharge

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, the reports provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the Care Coordination Reports, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

SEPTEMBER 27, 2017

## September 2017 SIM PCMH Patient Lists Posted

Today, Michigan Data Collaborative (MDC) posted the September 2017 SIM PCMH Patient lists (PPLs) on the SIM PCMH Dashboard. Included are PPLs for each Practice and an aggregated list for each Managing Organization.

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project.

### Updates

Starting this month, the PPLs include chronic condition and utilization information for patients.

The following utilization and chronic condition fields are populated and have updated headings and/or descriptions:

- # of Inpatient visits in newest release timeframe
- # of ED visits in newest release timeframe
- # of readmissions in newest release timeframe
- ASTHMA
- HTN
- OBESITY
- High ED Utilizer Flag

For information about the PPL sort order and field descriptions, see the [PCMH Patient List Information Guide](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the PCMH Patient Lists, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

SEPTEMBER 20, 2017

## Jan, Feb, Mar 2017 SIM PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the January, February, and March 2017 PCMH Care Coordination Reports on the SIM PCMH Dashboard.

These reports were created using the correct, filtered SIM Participation Files (SPFs) to determine SIM members. Each report reflects membership, provider attribution, and incurred claims for the point in time provided in the report

Included are two reports:

1. Percentage of Patients Receiving Care Management Service
2. PCP Follow-Up after Inpatient Discharge

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, the reports provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

### Questions

If you have any questions regarding the Care Coordination Reports, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

SEPTEMBER 12, 2017

## May 2017 SIM PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the May 2017 PCMH Care Coordination Reports on the SIM PCMH Dashboard. Included are two reports:

1. Percentage of Patients Receiving Care Management Service
2. PCP Follow-Up after Inpatient Discharge

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, the reports provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the [PCMH Care Coordination Report Quick Reference document](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
  - The previous access method using the VPN is still available for a short time. Instructions for this method can be found in the [Accessing the SIM PCMH Dashboard - Previous Method Guide](#).
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

AUGUST 28, 2017

## April 2017 SIM PCMH Care Coordination Reports Posted

Today, Michigan Data Collaborative (MDC) posted the April 2017 PCMH Care Coordination Reports on the SIM PCMH Dashboard. Included are two reports:

1. Percentage of Patients Receiving Care Management Service
2. PCP Follow-Up after Inpatient Discharge

### Care Coordination Report Details

The PCMH Care Coordination Reports provide information about member primary care team engagement, with a focus on primary care physicians and care management staff. Taken together, the Care Coordination Reports provide a view of both the frequency of care management services and appropriate follow-up care for members with inpatient encounters.

For information about the reports, see the PCMH Care Coordination Report Quick Reference document.

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
  - The previous access method using the VPN is still available for a short time. Instructions for this method can be found in the [Accessing the SIM PCMH Dashboard - Previous Method Guide](#).
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method.

AUGUST 28, 2017

## August 2017 SIM PCMH Patient Lists Posted

Today, Michigan Data Collaborative (MDC) posted the August 2017 SIM PCMH Patient lists (PPLs) on the SIM PCMH Dashboard. Included are PPLs for each Practice and an aggregated list for each Provider Organization.

### New Fields

Two new fields are available this month:

- **NEW\_PATIENT\_PO\_FLAG**  
Indicates if the patient is new on the current month's Patient List for the PO compared to the previous month.
- **NEW\_PATIENT\_PU\_FLAG**  
Indicates if the patient is new on the current month's Patient List for the Practice compared to the previous month.

### PPL Details

- The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice participating in the SIM PCMH project. For information about the PPL sort order and field descriptions, see the [PCMH Patient List Information Guide](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard](#) guide.
  - The previous access method using the VPN is still available for a short time. Instructions for this method can be found in the [Accessing the SIM PCMH Dashboard - Previous Method Guide](#).
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.

AUGUST 14, 2017

## SIM PCMH Dashboard Release 1.0 Posted!

MDC is excited to announce that SIM PCMH Dashboard Release 1.0 is posted!

The Dashboard includes pages representing the areas of concentration for data analysis: overview (executive summary), quality of care, utilization, and reports. From these pages, managing organizations and practices can view demographic information, view chronic condition data, assess their own performance against published benchmarks, and download reports.

### Data

Release 1.0 includes the following Medicaid data:

- A 12-month measurement period with dates of service between January 1, 2016 and December 31, 2016
- Paid claims data through February 2017 (allowing for a two-month run-out period)
- Patients and provider attribution from the January 2017 PCMH Patient List and Provider Hierarchy File

### Measures and Chronic Conditions

Dashboard Release 1.0 contains the following measures and chronic conditions:

#### Quality Measures

- Breast Cancer Screening
- Cervical Cancer Screening
- Comprehensive Diabetes Care: Eye Exam (retinal) performed
- Comprehensive Diabetes Care: Hemoglobin A1c (HbA1c) Testing
- Comprehensive Diabetes Care: Medical Attention for Nephropathy
- Use of Imaging Studies for Low Back Pain

#### Utilization Measures

- Emergency Department Visits
- Hospital Admissions
- All-Cause Readmission

#### Chronic Conditions

- Asthma
- Hypertension
- Obesity - Any
- Obesity - Moderate
- Obesity - Overweight
- Obesity - Severe

## Documentation

You can access the following support documentation to help you navigate and use the Dashboard. The following documents are located on the [SIM PCMH Support page](#) of the MDC Website:

- [Release Notes](#) – Information about Release 1.0, including any known issues.
- [User Guide](#) – Includes descriptions of the Dashboard components, instructions for using the features, and detailed information about the data.
- [Dashboard Timeline](#) – Displays date-specific information about the data included in the Dashboard.
- [SIM PCMH Measures - Technical Guide](#) – Provides detailed information about each measure included in the Dashboard.

## Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard guide](#).
  - The previous access method using the VPN is still available for a short time. Instructions for this method can be found in the [Accessing the SIM PCMH Dashboard - Previous Method guide](#).
- You must also install the required two-factor authentication system to access the PCMH Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.

## Questions

- If you have any questions or suggestions regarding the PCMH Patient Lists or the new access method, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).
- If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

AUGUST 4, 2017

## July 2017 SIM PCMH Patient Lists Posted

Today, Michigan Data Collaborative (MDC) posted the July 2017 SIM PCMH Patient lists (PPLs) on the SIM PCMH Dashboard. Included are PPLs for each Practice and an aggregated list for each Provider Organization.

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice and participating in the SIM PCMH project. For information about the PPL sort order and field descriptions, see the [PCMH Patient List Information Guide](#).

### Important Access Notes

- Information and detailed instructions for accessing the SIM PCMH Dashboard can be found in the [Accessing the SIM PCMH Dashboard guide](#).
  - The previous access method using the VPN is still available for a short time. Instructions for this method can be found in the [Accessing the SIM PCMH Dashboard - Previous Method guide](#).
- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- After you log in to the Dashboard, you can click the download links (**Physician Organization Downloads** and **Practice Downloads** to view your lists). You will see one or both of these links based on your permissions.
- You have access to the SIM PCMH Dashboard if your organization's Acknowledger requested access for you *and* you have received your username and password instructions from MDC. **Note:** If you had access to the MiPCT Dashboard, your access does not automatically transfer to the SIM PCMH Dashboard.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method for the July deliverables.

### Questions

If you have any questions regarding the PCMH Patient Lists or the new access method, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

JULY 28, 2017

## 2nd Quarter 2017 Aggregated Patient Reports Posted

Today, Michigan Data Collaborative (MDC) posted the 2nd Quarter 2017 Aggregated Patient Reports on the SIM PCMH Dashboard.

The reports provide counts of patients attributed to a provider for each PO or Practice for April, May, and June 2017. Beneficiary counts are sorted by Practice, Provider Name and NPI, Medicaid Health Plan, and Program.

**Note:** To accommodate the organization OIDs changing from month to month (which should occur less frequently going forward), the monthly reports are now included in separate .xls files (opposed to the 1Q17 reports, where all months were contained on separate tabs of one .xls file)

Additional information about the reports can be found in the following documents on the MDC Website:

- [PCMH Aggregated Patient Report Quick Reference document](#)
- [PCMH Aggregated Patient Report Notes document](#)

### New Access Method

MDC has successfully tested and implemented a new connection method to access the SIM PCMH Dashboard. We recommend this method for all Dashboard users. Additional information and detailed instructions can be found in the [Accessing the SIM PCMH Dashboard guide](#).

### Important Access Notes

- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- The previous access method using the VPN is still available for a short time. Instructions for this method can be found in the [Accessing the SIM PCMH Dashboard - Previous Method guide](#).
- You can access the SIM PCMH Dashboard if your organization's Acknowledger requested access for you *and* you have received your username and password instructions from MDC. **Note:** If you had access to the MiPCT Dashboard, your access does not automatically transfer to the SIM PCMH Dashboard.
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method for the April deliverables.
- If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).

JULY 6, 2017

## MDC Launches New Dashboard Access Method

MDC is excited to launch a new method to access the SIM PCMH Dashboard.

### Background

Michigan Data Collaborative (MDC) provides robust security measures to ensure secure access to your organization's SIM PCMH Initiative data and reports. In the past, this meant using the Michigan Medicine VPN (virtual private network). This spring, Michigan Medicine released a new secure access method, which we have tested extensively with help from several PO and practice beta testers. Through our testing, we concluded that this method is much more streamlined and easier to use.

### How it Works

This new method uses a [Citrix Receiver](#) (software you download on your computer) combined with [Duo two-factor authentication](#) to securely connect to a Michigan Medicine website called Virtual Places. From the Virtual Places website, you can access the SIM PCMH Dashboard.

### How to Get It

The first step is to ensure that you have your [Duo two-factor authentication](#) set up. (Duo was also required with the VPN access method, so most users will already have it set up.)

The second step is to read through and follow the instructions in the [Accessing the SIM PCMH Dashboard guide](#) on the [MDC Website](#).

### Questions

If you have any questions or concerns, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

JULY 6, 2017

## May 2017 SIM PCMH Patient Lists Posted

Today, Michigan Data Collaborative (MDC) posted the May 2017 SIM PCMH Patient lists (PPLs) on our SIM PCMH Dashboard. Included are PPLs for each Practice and an aggregated list for each Provider Organization.

### PPL Details

The PCMH Patient Lists provide a list of Medicaid patients who are attributed to a practice and participating in the SIM PCMH project. For information about the PPL sort order and field descriptions, see the [PCMH Patient List Information Guide](#).

### New Access Method

MDC has successfully tested and implemented a new connection method to access the SIM PCMH Dashboard. We recommend that all Site users use this method. Additional information and detailed instructions can be found in the [Accessing the SIM PCMH Dashboard guide](#).

### Accessing the SIM PCMH Dashboard

- You must also install a two-factor authentication system in order to access the Dashboard. Information and instructions can be found in the [Installing Duo to Use Two-Factor Authentication Guide](#). MDC recommends using the mobile device option for a more seamless setup and authentication process.
- After you log in to the Dashboard, you can click the download links (**Physician Organization Downloads** and **Practice Downloads** to view your lists). You will see one or both of these links based on your permissions.
- You have access to the SIM PCMH Dashboard if your organization's Acknowledger requested access for you *and* you have received your username and password instructions from MDC. **Note:** If you had access to the MiPCT Dashboard, your access does not automatically transfer to the SIM PCMH Dashboard.
- The previous access method using the VPN is still available for a short time. Instructions for this method can be found in the [Accessing the SIM PCMH Dashboard - Previous Method guide](#).
- If you are having difficulty accessing the Dashboard to download files, MDC can provide an alternate method of secure file delivery. Please contact us at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu) if you would like to use this alternative method for the May deliverables.

### Questions

If you have any questions regarding the PCMH Patient Lists or the new access method, please contact MDC at [MichiganDataCollaborative@med.umich.edu](mailto:MichiganDataCollaborative@med.umich.edu).

If you have any questions about your MDC account, please contact us at [MDC-Accounts@med.umich.edu](mailto:MDC-Accounts@med.umich.edu).
