

## PGIP Quarterly Dashboard to Launch in September!

**We're excited to announce the launch of the new PGIP Quarterly Dashboard in September 2025!** After over a year of development, the static Access Shell quarterly datasets are being replaced with a new Tableau dashboard. While the quarterly datasets will continue to be delivered via Edifecs, the Access Shells will be retired at the end of 2025.

### Interactive Design and User-Friendly Features

Here are some features we are pleased to be able to offer the PGIP community:

- No need to pre-load data
- Interactive user experience with dynamic filters
- Simplified process for generating reports
- Easy to download, ready-to-use PDFs
- Sign up for the subscription service to have PDF reports delivered to your inbox on a regular basis
- Flexibility in design allows dashboard enhancements to meet the needs of POs
- Easy access to the User Guide, which provides useful tips on using the dashboard
